

FutureScope: Research Proposal Challenge

Topics:

- Nutraceuticals
- Cosmeceuticals
- Animal Nutrition
- Nutricosmetics
- Neurocosmetics

Registration Start Date: 15th August 2026

Registration End Date: 25th September 2026

Submission Date: 30th October 2026

Registration Fees: Participation for this competition is completely free!

Important Note: *To complete your participation, the registration for **Beyond Research International Science Conference 2026-27** is compulsory.*

Registration fee for the conference: Rs. 700 only!

Registration Link - <https://beyondresearch.in/orah-ideathon-2026-27/>

Eligibility Criteria:

Only for Faculty from all departments.

Guidelines:

1. The research proposal must be directly relevant to the announced topics.
2. The proposal should present a **novel research concept** addressing a clearly identified scientific and/or industrial challenge.
3. The proposal should provide a clear and realistic **work plan and timeline**, including major activities such as literature review, experimental work, analysis and report writing.
4. The proposal should include an appropriate **budget estimation** and identify potential risks along with suitable mitigation strategies.

5. The proposal must follow the prescribed **FutureScope: Research Proposal Writing template**. The paper should be submitted in **PDF format**, with a clearly readable **font- Times New Roman, Size- 12, Spacing – 1.5** and appropriate Margin.
6. **Turnitin must be used** for plagiarism checking. Free online plagiarism or AI-detection tools should not be used.
7. The **Turnitin similarity report must be submitted along with the final paper**.
8. A **Bibliography/References section must be included at the end of the paper**.
9. Use the **Vancouver referencing style**.
10. All submissions must be original.
11. All submissions must have plagiarism below 10%.
12. Submissions after deadline will not be considered.
13. Proposals demonstrating strong **commercialization potential** may be considered for industry funding, as specified.

Evaluation Criteria:

Proposals will be evaluated on:

- Relevance to the competition theme and specified domains
- Clarity and significance of the problem statement
- Identification and understanding of the research gap
- Scientific rationale and feasibility of the proposed research
- Quality and appropriateness of the methodology
- Novelty and innovation of the proposed concept
- Potential for commercialization
- Quality of work plan, timeline and budget
- Risk assessment and mitigation strategy
- Quality and relevance of references
- Overall clarity and presentation of the proposal

Note:

1. Submissions irrelevant to the given theme and topic will be disqualified.
2. The template for the competition will be shared with the SPOCs of respective colleges.
